

Euronest – Bale Arm Crate Range

Stack / Nest containers Bale Arm Crates stack securely when loaded and nest when empty to save space on returnable transport

Euronest

Available in capacities ranging from 15 - 50+ litres, our line of nestable, stackable crates are the perfect solution to ensure the efficient use of storage, transport and retail space, while keeping products well protected. Nesting economises empty transport and storage space, while the stacking feature maximizes valuable floor space when crates are full. Durable, lightweight, and reusable, our Euronest line is environmentally friendly and available in a wide range of attractive colours.

- Nestable and stackable to maximise transport and in-store display space.
- Rugged, reusable crates - significant cost saving over traditional disposable packed containers.
- Robust construction ensures products are well protected.
- New design for stable stacking of half trays in singles.
- Extra light for easy handling.
- Ideal solution from the depot floor to direct delivery to store.
- Environmentally friendly, fully recyclable.
- Available in a wide range of colours.
- Easy to clean polymer - resists moisture, insects and fungi; Impervious to acids, fats, solvents and odors.
